## REPORT OF THE Superintendent of Schools.

---

### TO THE SCHOOL BOARD OF HILL:

My report is of necessity similar to that of former years. Our school population does not vary greatly from year to year hence the number of our schools does not change. The fundamentals taught in our elementary schools do not change to a great degree hence our progress must be largely in bettering the ways of presenting and teaching these fundamentals and in improving the general school conditions.

The town has been most fortunate in retaining for another year the teachers at the Village school; they are far superior to those usually found in towns of our size. Miss Atkins resigned in June to enter the Normal school for training and she was succeeded by Miss Lillian Kramer, a graduate of the Franklin High School, who has been unusually successful in the Center school. The success of these teachers is measured not only by the progress of their pupils in what we call "book knowledge" but even more by their bringing out the qualities of fair play, courtesy, honesty and trustworthiness which I think we can all say are conspicuous in the Hill boys and girls.

The total number of pupils enrolled is a little larger than that of last year; every seat in the Village school has been filled this past year and more could have been enrolled had we lowered the age of entering school. The enrollment at the Center is about that of other years.

There is no problem of non-attendance in this town and the number of tardinesses, never large, is being reduced. This would seem to point to the fact that our pupils like to go to school, appreciating their gain thereby.

Eleven pupils were graduated from our eighth grades in June with exercises of unusual excellence; ten of these pupils are continuing their studies, making a total of sixteen pupils attending high schools and seminaries at the present time.

The school buildings are in excellent condition; that at the Village having been painted and screened the past year. The paper on the walls and ceiling should be removed at the Center and painted walls and ceiling which can be cleaned frequently substituted. None but the ordinary repairs are anticipated the coming year.

I believe that our schools were never stronger than at present and that fact we owe to the faithful, conscientious work of the teachers. I would extend my appreciation to the School Board and the citizens of the town for the support given the schools and to me.

*Respectfully submitted.*

GEORGE A. KEITH, *Superintendent of Schools.*
